5. Roadmap

1-Abstract

Conan Token \$vllc is a beacon of libertarianism and respect in the world of cryptocurrencies. We are a passionate community united by our commitment to the world's first libertarian memecoin. In this whitepaper, we will explore our ideas, principles, and the vision behind Conan Token \$vllc.

2- Values

The First Libertarian Memecoin

In a digitally connected world, Conan Token \$vllc emerges as a beacon of libertarianism that promotes individual freedom and respect for the life projects of others. It is the world's first libertarian memecoin, designed to embody the principles of non-aggression, life, liberty, and private property within the realm of cryptocurrencies.

Life, Liberty, and Private Property

Conan Token \$vllc pays tribute to libertarianism by advocating for unwavering respect for individual life projects. Our creators, staunch supporters of libertarianism, saw the opportunity to represent these values in a cryptocurrency. This coin symbolizes non-aggression, the defense of individual rights, and the noble principles of life, liberty, and private property.

Personal Sovereignty

Tokenizing self-ownership and respect is at the core of Conan Token \$vllc. Just as each individual has the power to shape their destiny, each holder of Conan Token \$vllc becomes a guardian of these principles. The decentralized nature of the currency reflects the ethic of personal sovereignty.

3- Token \$vllc

\$vllc is an ERC20 token that started on the Ethereum blockchain on September 1, 2023.

The Conan Token \$vllc has a fixed total supply (non-incremental) of 22,101,970,000 tokens. It is deflationary and tax-free. Since the launch, 85% of the total supply is available to the market, enabling immediate liquidity. The remaining 15% of the total supply is held in the contract wallet. 10% will be burned at milestones, 5% will be reserved for strategic initiatives, partnerships, and community rewards..

Token burns will be carried out upon reaching significant milestones, such as the number of holders and market capitalization thresholds.

4- Ecosystem

The Conan Token \$vllc Ecosystem is based on the promotion of libertarian values and decentralization. Our community collaborates to create tools and opportunities that foster individual freedom and mutual respect.

Conan Token \$vllc

Conan Token \$vllc is the heart of our ecosystem. It is an ERC-20 token that drives and promotes healthy and widespread usage, as well as the decentralization of the project.

Conan Fan - Merchandise

Conan Fan is a merchandise store run by a non-profit organization with no owners or shareholders. It allows \$vllc holders to proudly display their support for Conan Token \$vllc in the real world. All proceeds go towards the growth, maintenance, and future features of the Conan Token \$vllc project.

Charity Fundraising Campaigns

Staying true to the libertarian political philosophy in all its streams, the community, once established, will promote charitable fundraising campaigns, including support for food programs, educational institutions, and international aid organizations.

Conan Creator - NFT

Conan Creator is an NFT (Non-Fungible Token) marketplace where users can stake (lock) \$vllc in exchange for NFT rewards created by artists participating in community contests. Artists receive prizes in \$vllc.

5- Roadmap
