

**Conan Token \$vlc
Whitepaper**

Disclaimer

Conan Token \$vllc, including but not limited to the project as a whole, the token, the website, the smart contracts, and any related applications ("Conan Token \$vllc") as presented in this conceptual document, does not constitute a licensed, unlicensed, or exempted financial or payment service of any kind and in any jurisdiction. Any terminology used in this whitepaper, on the website, or within the application is intended solely as a basic reference, without any effective or legal meaning of the same terms in a regulated and/or financial environment. Conan Token \$vllc is a project that is fully and completely decentralized and community-driven, and it has no owners, shareholders, promoters, marketers, managers, directors, or any other figures or entities exercising any form of governance; the smart contracts of Conan Token \$vllc are open-source, security audited, permanent, and non-modifiable in any way. Conan Token \$vllc is strictly a utility token in any jurisdiction and cannot be considered as a security or as a regulated token of any kind, and it is not in any way electronic money and/or an asset-backed stablecoin, either globally or in a limited scope. This whitepaper, by itself, is not a contract or a contractual agreement of any kind, it is not an invitation, solicitation, or offer to invest in Conan Token \$vllc or to acquire or use its tokens \$vllc in any way and without any expectation of profit in any form. Any user of Conan Token \$vllc declares that they have received appropriate technical, administrative, regulatory, and legal advice before and after accessing and/or reading this whitepaper, the website, and using any part or element of Conan Token \$vllc (including any token \$vllc within it) and agrees that there is an inherent high risk in accessing, acquiring, or using any kind of blockchain system and/or cryptocurrency, token, platform, software, interface, including Conan Token \$vllc, and fully acknowledges the disclaimer for any community member directly or indirectly involved with Conan Token \$vllc, that they may suffer any kind of damage, including total loss. This Whitepaper may undergo modifications in the future, with updated versions available for download from our website.

Table of Contents

1. About Us
2. Mission, Scope, and Economic Cycle
3. Token \$vllc
4. Ecosystem
5. Roadmap

1- About Us

We are a passionate and united community committed to the world's first libertarian memecoin. In this whitepaper, we will explore our mission and strategy to spread and defend the ideas of freedom, **while increasing the liquidity of the Memecoin in the process.**

2- Mission, Scope, and Economic Cycle

Mission

The purpose of Conan Token \$vlc is to spread and defend the ideas of freedom on social media, making Libertarian ideology known and engaging in the cultural battle for it.

Scope

It's a comprehensive **multimedia project that will adopt the best format for each platform.** On Telegram, Conan is **a Memecoin**; on X, he's **a Troll**; on Instagram, it'll be **a Comic**; on the internet, **a Wikipedia**; and on YouTube and TikTok, **a Vtuber**.

Economic Cycle

In each platform, the accounts will be monetized, **channeling profits to the Conan Token \$vlc liquidity pool** on Uniswap, thus seeking to strengthen its liquidity.

3- Token \$vlc

\$vlc is an ERC20 token that started on the Ethereum blockchain on September 1, 2023.

The Conan Token \$vllc has a fixed total supply (non-incremental) of 22,101,970,000 tokens. It is deflationary and tax-free. Since the launch, 85% of the total supply is available to the market, enabling immediate liquidity. The remaining 15% of the total supply was held in the contract wallet, with 10% already burned and 5% reserved for other strategic burn initiatives, partnerships, and community rewards

Token burns will be carried out, among other reasons, upon reaching important milestones such as the number of holders and market capitalization thresholds.

4- Ecosystem

The Conan Token \$vllc ecosystem is multimedia in nature, with the Token serving as a Memecoin. There are 6 main "Core" components associated with the project.

Conan Token \$vllc

The Conan Token \$vllc Memecoin is the core of our ecosystem. It is an ERC-20 token that promotes and encourages healthy and widespread use, as well as the decentralization of the project. Its primary point of contact is Telegram.

Conan Troll - The Libertarian Troll on X(Twitter)

This is a libertarian activist who fights for and spreads the ideas of freedom.

Conan Cap - The comic on Instagram

It is a comic about Conan and his adventures as a superhero living with his family, consisting of his human father and his four puppy siblings. The comic develops adventures related to liberalism and its archenemies from the socialist band.

Libertarian Wikipedia

The "Libertarian Wikipedia" will be a platform aimed at promoting and disseminating libertarian political philosophy, as well as its fundamental values, prominent thinkers in this field, relevant discussions, and significant contributions to libertarian thought. This resource aims to provide an inclusive and accessible space where users can explore and understand the diversity of perspectives within the libertarian movement, as well as deepen their understanding of the principles and key concepts that underpin this political ideology.

Conan Tuber - The Vtuber on YouTube and TicToc

It will be the animated character of Conan as a Vtuber, hosting live streams and reacting to stories and news from different networks, mainly related to libertarianism.

Conan Creator – NFT

The Conan NFT Creator will be an application that will allow users to create art in a simple way and save it as NFTs.

Charity Campaigns

Remaining true to the libertarian political philosophy in all its currents, the community, once established, will promote charitable fundraising campaigns, which will include support for food programs, educational institutions, and international aid organizations.

Others:

Conan Fan - Merchandising

Conan Fan is a merchandise store operated by a non-profit organization without owners or shareholders. It allows \$vllc holders to proudly display their support for Conan Token \$vllc in the real world. All proceeds go

towards the growth, maintenance, and future features of the Conan Token \$vllc project.

5- Roadmap

The roadmap is divided by objectives: Operational, Marketing, and Core

Operational

- Website launch
